County's Right To Set Liquor Zones Debated

Board Refers Matter To Dist. Attorney For Ruling

Right of San Mateo county to zone against liquor establishments was questioned Monday by Supervisor Albert Witt, Colma, in reply to the demand of President Leary S. Howard of the Menlo School and Junior College for protection against the sale of drinks to minors.

The board referred the matter to District Attorney Gilbert Ferrell for a ruling at next Monday's meeting.

Peter Bozovich, state enforcement officer in this district, reported surprise to the board at the statements of Howard that sale of liquor to minors has been noted. No complaints of this had been filed with the state board of equalization, Bozovich said. Howard recently dispatched a protest to the state board which evidently had not yet been called to Bozovich's attention.

Supervisor Walter High, Burlingame, said in reply that if liquor is being sold in the Menlo School zone that it ought to be stopped.

Witt said that violations should be called to the state board's attention because the matter is out of the jurisdiction of the county board. Upon motion, the question was put up to Ferrell.

ORDER BEACH SURVEY

Survey of coast beach sites by the county engineer as requested by the planning board was ordered. Chairman Manuel Francis suggested that the Kelly avenue site was a better location than one previously selected.

Request of Lomita Park residents for a tennis court under part of the \$10,000 county recreation fund was referred to the recreation committee.

Engineer Carl Scott was instructed to make a survey for a proposed road between South San Francisco and San Bruno.

Request of 36 petitioners of San Pedro Terrace for road repairs on Grand avenue was referred to the new roads committee.

Survey of erosion dangers in the South San Francisco area was ordered by the board and the engineer instructed to secure a federal project.

Report on expenditures to date on the Ocean Shore highway project was requested by the board in keeping with a letter from the San Mateo County Federation of Improvement Clubs and Associations.

Soft drink permits were granted Elizabeth Staples and A. Paolino in this district.

Claim of William Avery of La Honda for \$35,000 damages for road injuries was denied.

Treasurer Harry Jenkins request for the right to file other than a

KNOWS ALL THE ANSWERS

Jay Clarke, noted psychic, comes to the Sequoia Theater for one week starting Sunday, to help you look into the future. He will open his engagement at the matinee performance, Sunday. He knows all the answers to the questions that have been bothering you. On the screen Sunday and Monday will be "Private Worlds," starring Claudette Colbert, also Comedy News and Cartoon. There will be a continuous show Sunday starting at 1:30 p. m.

Defective Eyes Blamed in Suit Underway Here

Damage actions totaling more than \$30,000 were being heard in superior court here today. Permanent injury and disfigurement of Miss Elva Caven, 20, and injuries sustained by her sister, Dorothy, 16, resulted in the girls suing Jack King and Grant Morrow for \$20,000 and \$10,000 each, respectively. Their father, Carlton Caven, seeks \$696.55 in the same suit for medical expenses incurred by the girls.

The suit was the outgrowth of an automobile accident in San Mateo September 4, 1933. The girls were riding with King when he ran into the rear end of a truck, they claim. They blame King's alleged defective eyesight for the accident.

Morrow is listed as owner of the machine driven by King. The suit is being tried before a jury in Judge McNutt's court. Plaintiffs in the suit are represented by the law firm of Pierce & Sherwin, while J. Hampton Hoge is defense attorney.

A corporate bond was referred to Executive Walter Kellogg.

Farm to feeder road work applications under PWA were ordered referred to the new road committee.

Bayshore Balks At Long Garbage Disposal Grant

With the Bayshore Sanitary District's notice to the City of San Francisco that its permit to dispose of garbage in this county may be cancelled at any time, leaders of the move to build a \$2,000,000 reduction plant at South San Francisco felt encouraged today.

The warning was in an official notification that the "permit in effect at the present time has no time limit, is an emergency measure granted to give the City and County of San Francisco time to erect an incinerator or find other means of disposing of garbage."

The notice, signed by George W. Stone, secretary, advised the city that the sanitary district "has not and does not intend to grant a 25-year permit to any party or parties."

The health committee of the supervisors had recommended that the Sanitary Fill Company be given a 25-year franchise to dispose of the garbage by the fill and cover method in the Bayshore district.

But with the warning from the district, renewed hope was felt that a franchise might be secured by the company proposing to build the garbage reduction plant, in which the refuse would be made into wall board and other products, according to Ray Spangler, secretary-manager of the South San Francisco Chamber of Commerce, which has endorsed the project.

Housekeeping Store Erects Novelty Sign

The Good Housekeeping Store at 2326 Broadway has just erected a novel neon sign in the shape of a Westinghouse Refrigerator. It is outlined in green neon with the center Westinghouse insignia bordered in red and blue.

This is the second electric sign to be installed during the past few days. The first was that of the Home Bake Shoppe on California street.

Nominators Named By Business Woman

After a dinner at the Del Monte Grill and a short business meeting at which Mrs. N. L. Miramontes, Mrs. C. Yearian and Mrs. Jessie E. Dieckman were elected as a nominating committee for new officers, the Redwood City Business and Professional Women's Club adjourned to the Stanford University assembly hall last night where the members heard a lecture by Prof. Carl L. Becker.

Covering a broad field of evolution and philosophy, Becker in his lecture titled "The Sword and the Pen" traced the development of civilization through the effect of literature and wars on the martial and cultural sides of empires.

SALADA BEACH WOMAN DIES

SAN MATEO, April 23.—Funeral services for Mrs. Lillian M. Lyng, 57, of Salada Beach, who died here Sunday, were held this morning in San Francisco. Two daughters and a son survive Mrs. Lyng.

MENLO PARK MAY FACE 60-CENT TAX INCREASE

Board Told 1915 Act Assessments Now Owing Are Charged Against But 71 Parcels; Whole City Must Pay Up Bill \$14,000 AMOUNT IN DELINQUENCY

Menlo Park foresees only one way to cut the gordian knot of a \$14,000 street bond delinquency which through a California Supreme Court mandate has placed responsibility for a special assessment district upon the entire city.

The council, meeting Tuesday night, agreed that a special levy of from 50 to 60 cents per \$100 valuation must be added to the present tax rate when new assessment rolls are prepared for the second half of this year.

But before any special assessment is levied, the council concurs in the belief that those Menlo Park property owners, who have paid their taxes and consequently are not in default, should be given some form of protection and, possibly, future privileges.

In the absence of City Attorney James T. O'Keefe Jr. and Councilman E. H. Hart and Irving Dunn, the city fathers took no action on the writ of mandamus issued five days ago by the supreme court on the plea of the Union Safe Deposit Bank of Stockton.

Councilman W. H. Weeden started discussion when he inquired if the city attorney had officially advised any action.

CANNOT BE DODGED

"This question cannot be dodged very well," declared Councilman Henry Carroll. "We will require expert legal advice and I would suggest that the city attorney guide us in every step."

"I don't know much about the law," replied Weeden, "but I do know that every one of us on this council may be held in contempt of court. They have made it mandatory for us to take some action."

Carroll then launched into the stand which represents the opinion of the majority group on the council consisting of himself, Councilman Dunn and Mayor James E. Cooper.

"I'm going to suggest that we prepare a most detailed statement of what has been paid on these bonds, what it went for and the amount of the delinquency now. I don't know myself and there are others of us on the council who are in ignorance of the facts."

"Those statements should be placed in such shape that every citizen can understand what it is all about. It will probably mean a 50 or 60 cent increase in our taxes."

DID NOT COMPROMISE

"Menlo Park was the only city in the state that fought the bondholders—all the others compromised," declared Weeden. "We would have been better off if we had compromised, too."

Carroll brought the discussion back to the prospective tax increase again.

"In fairness to all these people

who have paid their taxes," he stated, "the city should give some sort of guarantees that they will get their money back. It is asking quite a lot of our citizens to pay a 50 or 60 cent increase on every \$100 valuation to pay a bill—somebody else's bill."

Talk switched to ways and means whereby the city itself might acquire property now in default and sell it for an assessment lien.

71 PARCELS DEFAULTED

Councilman Carroll revealed that Menlo Park's defaultations concern only a few individuals. "Seventy-one parcels of land now in default," he said, "are held by one person. I should say that between 60 and 75 per cent of the delinquencies are held by five people."

Mayor Cooper halted further discussion by declaring that the question will be discussed more fully at the council meeting of May 14.

An ordinance, introduced at the request of Police Judge Edward Ryan, was given its first reading last night. Described as an emergency measure to curb drunken driving it prohibits drunkenness within the city limits and establishes maximum penalties of six months in the county jail or a fine of \$500.

A communication from Comptroller A. E. Rot of Stanford University stated that the water gauge on San Francisco creek could not, in his opinion, have contributed to the damaging of a retaining wall parallel to Creek road.

The City Planning Commission requested the council to set the question of whether the city or county has the responsibility for the upkeep of the northern half of Valparaiso avenue.

Police Commissioner Carroll, in his quarterly report, stated that fines, license fees and revenues from all other sources totalled \$1,253.85 and that police cars had travelled 9,207 miles during this period.

Kiwanians Hear Speech on Trade At Scout Dinner

The Rev. Victor Morgan of Woodside spoke last night on "Supremacy of the Sea and World Trade" to the local Kiwanians at a corned beef and cabbage dinner and entertainment put on for the service club by the Redwood City Sea Scouts at the yacht harbor.

Mayor Charles Lambert presided and Skipper Howard King, county Sea Scout commissioner, was chairman.

A comedy skit was presented by four members of the scout unit, which is sponsored by the Kiwanis club. Mrs. Howard C. King, Mrs. E. N. Weed and Mrs. Joseph Eastburn prepared the corned beef and cabbage.

Max Leonard gave a report to the club on the Northern California Sea Scout regatta to be held here in the harbor in September. Nearly 500 scouts are expected to attend the regatta.

Final Rites Held For Charles Irwin

Funeral services for Charles Irwin, 54, retired minister and salesman for local cleaning firm, were held on Monday at 2 o'clock from the Layng & Tinney parlors here, with the Rev. Spaan of Mountain View in charge. Irwin, who is survived by his wife and six children, died Friday night after a two-month illness.

PRESIDENT TO GIVE

WASHINGTON, Apr. 25 (AP)—President Roosevelt will deliver another of his "fireside chats" Sunday at 10 p. m. to interpret his work-relief bill, the White House said today.

SIDNEY HARVEY DEAD

SAN MATEO, April 23.—Graveside services will be held tomorrow at 9:30 a. m. at the Cypress Lawn Cemetery for Sidney Harvey, 49, of Hillsborough, who died yesterday at the Community Hospital in San Mateo.

Appetizing Dish, Says Expert 36 Peninsulans Named to Push Festival Plan

"Sing a Song of Spinach"—and don't sniff, it can be done," says Miss Barbara Miller, who will conduct The Tribune's cooking school. "In fact," she continues, "spinach and other vegetables that are rich in vital, health-giving ingredients can be cooked in such a way that the child considers them a treat—no more turned up little noses and sad-hearted mothers!"

"Add A-B-C noodles to clear soups. They are intriguing to the youngsters."

"Individual meat pies or casserole dishes are most pleasing to the child."

"Roll winners' or sausages up in biscuit dough and bake in a quick oven. Call them 'fat rascals'—and what a scramble there will be for

Selection of the committees followed a preliminary meeting of interested citizens in the courthouse in March.

At the time he announced the committees, McCarthy also revealed that he has been promised the aid of the state chamber of commerce in promoting the affair, and that several radio station officials have expressed interest in the festival.

First meeting of the committee will be called for early in May, when an organization will be perfected and preparation for the festival will get under way.

The executive committee will be charged after the first meeting, to make the affair a citizens' project, McCarthy said.

Members of the committee as announced today are:

Redwood City: Mayor C. G. Lambert, Norman W. Pendleton, Otis M. Carrington, Z. T. Thorning, J. E. Morrison and Mrs. J. E. Baughn.

Burlingame: Mayor C. A. Buck, former Mayor Allan F. Hunt, Mrs. Emerson J. Miller, G. O. Smallcomb, E. F. Schmidt and Mrs. E. W. Stevens.

South San Francisco: Mayor Reese Lloyd, J. W. Colebrand, L. G. Hardy, Ray Spangler, Andrew Hynding and E. P. Kauffmann.

San Carlos: Mayor Asa Hull, Mayor Gordon A. H. Sagehorn and Robert Klassen.

Southern Section of the Coast-side: J. A. Kellam, Frank G. Williams, Peter M. Peterson.

Northern Section of the Coast-side: Giles B. Johnson, George O. Rich and Judge Manuel Betten-court.

Belmont: Mayor Chris L. Jordan, J. C. Burke and Mrs. Loretta Miller.

San Mateo: Mayor Frank Simmen, former Mayor James T. Casey, A. W. Deuel, John A. Lynch and Edward Brady.

Committee will be named later from Atherton, Menlo Park, Millbrae, Daly City and Colma. These names will be announced within the next few days, McCarthy said.

Dr. Morgan, Coast Pioneer, Succumbs

SAN MATEO, Apr. 24.—Dr. Charles L. Morgan, 77, pioneer Half Moon Bay druggist who retired several years ago, died last night in a local hospital. He had been in poor health for some time. Surviving Dr. Morgan is his wife, Marian. He was a member of the San Mateo Elks lodge.

Funeral services will be held Friday at 2 p. m. at the Snider parlors here. Interment will follow at Cypress Lawn cemetery.

MISS BARBARA MILLER

Miss Miller will impart to Redwood City mothers her very skillful knowledge of preparation and camouflage, when she conducts the big, free cooking school on May 7-10. The sessions will be conducted in the McKinley Auditorium from 2 to 4 o'clock each of these afternoons.

"Spinach," Miss Miller continues, "can really be prepared as a very tasty dish. Have you ever combined it with cheese? Have you ever chopped up the cooked spinach, added an egg, beaten it and fried it like an omelette? These are just a few of the many ways it may be prepared—and most palatable, too!"

"Do little roses go skyward at the mention of cauliflower? Break the head into tiny flowerlets, arrange cooked cauliflower in serving dish, cover it with white sauce and sprinkle grated cheese over the top. They'll come back for more!"

Here are a few suggestions Miss Miller has asked us to pass on to mothers:

"Raisins, figs or bits of prunes glorify the morning cereal."

The Tribune wishes to remind its readers that the cooking school is entirely free of charge. There is not only instruction and entertainment, but fun and a great number of free gifts in store at the cooking school. Remember the dates. Be sure to attend!

Unusual Test To Be Held At Wards!

WATER SOFTENER VALUE IS FOUND

Many a housewife has wondered why her linens, cottons and silks wear out so fast. The average housewife does not know that when clothes are washed in water full of mineral impurities every drop of water raises havoc with the fabrics.

These impurities—called hardness—form tiny curds that penetrate to the very fibres making them brittle and coarse, breaking and destroying them. Laundries learned this lesson a long time ago and to decrease wear on washable garments and linens, have installed water softeners to provide them with an adequate supply of soft water.

Local homes are escaping the penalties of hard water use by the installation of water softeners. Homes which use soft water for washing have effected a saving of as much as one-third in clothing and linen expenses.

MOTORIST LOSSES LICENSE

Oscar Potter, 22, of Redwood City, arrested Sunday by state traffic officers on a charge of driving while intoxicated, had his license taken away for 60 days and received six months probation when he appeared before Justice of the Peace Richard O'Farrell in San Mateo Monday and pleaded guilty to a reduced charge of reckless driving.

A collection of 16th to 18th century maps, collected in England and Spain by Pedro de Lemos for exhibition at the Stanford University, are on exhibition at the Stanford Art Gallery.

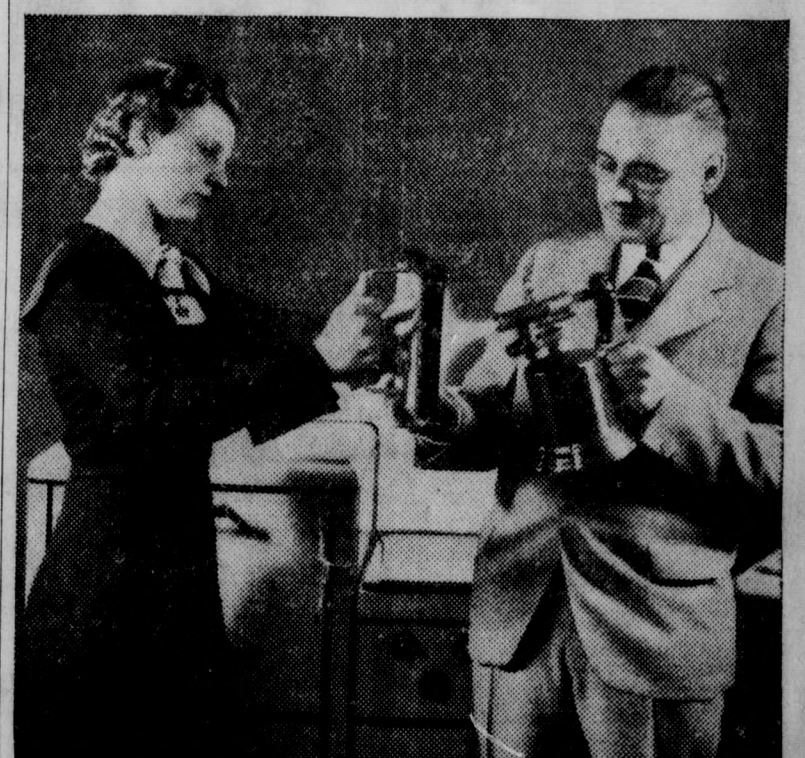

This collection consists of maps artistically made by the few map makers of these centuries, names famous in the history of cartography. Janson, Blaeu, and Mercator, the famous Dutch map-makers of Amsterdam are well represented. Details of Antwerp has several maps, and John Speed, the English map-maker of the period 1610 to 1676 is represented by a group of maps.

The exhibition will remain at Stanford until May 15. Admission is free to the public, and gallery being open every day between the hours of 10 and 5.

Ford Exhibit Steel Rises At San Diego Exposition

With nearly 100 per cent of the steel work erected, contractors promise completion within the next few days of the steel work for the Ford Motor Company's exhibit palace at the California Pacific International exposition, San Diego, opening May 29. Then pouring of concrete for the great circular exhibit building will get under way.

Pictured above is one of the startling tests to be conducted at the Montgomery Ward store as part of the stove demonstration which will be open to the public. The demonstrator is shown directing the flame from a blow torch against a sheet of insulating material used in Ward range ovens. Although the flame develops a heat of 3000°, the young lady holding the material is in no danger of being burned.

Suspect Names Youth Here As Accomplice

Gus G. Farber, 35, San Francisco realtor who lives at 158 Sweeney street, Bayshore City, in this county, was in jail in San Francisco today accused of participating in a series of holdups with Melvin ("Johnny") Gunderson, 20-year-old

burglar suspect held in the county jail here.

More than 25,000,000 barrels of oil are used annually in this country for domestic and industrial heating purposes.

Approximately one-fourth of all tax revenue collected by the various state governments in this country was paid by motorists.

Amazing Stove Demonstration

AT WARDS

Friday, April 26th—2 P.M.

Gifts

Refreshments

"The most astounding demonstration I've ever seen"

said one housewife. "I had no idea that such amazing developments had been made in gas, gasoline and kerosene ranges! And such beautiful ranges! I don't see how Wards can afford to build such quality stoves and sell them for so little!"

We're sure you'll share this sentiment! And we know you'll learn a great many useful things about cooking, baking and broiling. Even though you are not interested in immediate purchase we want you to come to this extraordinary demonstration!

SEE—4 Angel Food cakes baked in the corners of a Ward Double Quick gas range oven with only 12 minutes of gas used! No pre-heating!

SEE—10 one-pound loaves of bread baked at one time in a kerosene range without a loaf moved or turned! No pre-heating! Evenly browned!

Cooking utensils, toilet articles and other household helps will be given away. Cakes, biscuits and meats prepared during the demonstration will be served to all attending!

FASTEST TRAINS EAST

OUR Overland Limited and Pacific Limited are faster, by many hours, than any other trains from San Francisco and Northern California to Chicago. They cut straight across the continent, over the high Sierra, across Great Salt Lake on the famous Lucin Causeway and over the Rockies. Both will soon be COMPLETELY AIR-CONDITIONED.

Overland Limited leaves in the evening and consumes only two business days to Chicago. Pacific Limited leaves in the morning, shows you the mountains by daylight, and makes Chicago in two nights and three days.

Southern Pacific

MENLO PARK

The food sale given under the auspices of Menlo Park American Legion Auxiliary Unit No. 443 was very well attended, and Ethel French, chairman, wishes to thank all who helped make the sale so successful.

Mr. and Mrs. William B. Simpson who have wintered in Chicago will leave for their home here Saturday.

Isabelle Weeden Lindquist and her children, Emma Roberta and Billy, spent Monday visiting relatives in San Francisco.

Plans are being made by the Menlo Park fraternal organizations to hold a public ceremony Decoration Day honoring their departed members who are interred in the local cemetery.

The last of the series of card parties which the Menlo Park Native Daughters have been holding ended Thursday night.

At the meeting of the Legion auxiliary Tuesday night plans for the sale of veteran-made poppies were made. The public will be privileged to share in this worthy enterprise and President Isabelle Weeden Lindquist announces that the proceedings will be turned over to the non-compensated veterans of the Veteran's Facility who made the poppies.

Mrs. M. Gale and Mrs. P. Bush were hostesses to the card party given Thursday afternoon by the Mothers' Club of St. Joseph's.

W. H. Weeden, Republican committeeman, and his daughter Isabelle Weeden Lindquist, will attend the dinner honoring Governor Frank Merriam at the Hotel Benjamin Franklin Saturday.

Alexander Beltramo has leased the Highway Garage building and is repairing it preparatory to opening a delicatessen store and liquor place. It is understood that Mr. Beltramo will conduct an off sale business, no liquid refreshment to be disposed of on the premises.

Liquor dealers planning to move down the highway to "no man's land" have all been granted licenses by the state board of equalization and the board of supervisors and a number will begin business in the district shortly.

J. J. Doyle, proprietor of the Palm Hotel, has leased the Sequoia Hotel at Redwood City for a number of years. Mr. Doyle will take charge of the place on May 1. The building here will be for rent. The order closing the liquor stores have made it necessary for Doyle to find new quarters. For over 20 years he has conducted the Palm Hotel with considerable success. Doyle is an excellent business man and no doubt will succeed as proprietor of the Sequoia, one of the largest hotel buildings in the county.

John O'Neill, an expert gardener, is planting a lawn on the Church of the Nativity grounds. Years ago the lawn at the church were the most attractive of any on the peninsula. When Mr. O'Neill gets through with them they will be more beautiful than ever.

The numerous friends of John O'Brien will be pleased to learn that he has fully recovered from his recent illness and like Richard of old will soon be himself again.

Wild pigeons that have been here all winter are leaving for their summer homes in the mountains, where it is cool and berries plentiful.

Kellogg Approves Jenkins Bond Change

Approval of County Treasurer Harry Jenkins' request that he be allowed to file other than a corporate bond will be given by County Executive Walter Kellogg, he said today.

Jenkins' request that either a corporate or personal bond be allowed was referred to Kellogg Monday by the board of supervisors. If a personal bond is filed, it will be double the \$100,000 corporate bond allowed several weeks ago by the supervisors in an effort to cut down expenses of bonding the treasurer, who in the past was bonded for \$150,000.

Starting May 15

CHICAGO and back

\$57.35

in de luxe AIR-COOLED CHAIR CARS

THIS fare is very low. We invite you to compare it with the fare for any other form of low cost transportation. Then consider that it will take you East and back in AIR-CONDITIONED CHAIR CARS on our fastest trains this summer. No discomfort from hot weather—an exclusive advantage of train travel.

Our new air-conditioned chair cars have soft, luxurious seats and large wash rooms. Improved air-conditioned tourist sleeping cars have berth lights and many other features of standard Pullmans. A round-trip to Chicago in these cars will cost only \$68.80 plus \$8.50 for a lower berth each way.

Similar fares to all eastern cities from May 15 to Oct. 15.

Southern Pacific

RECALL WOULD BE NONSENSICAL

The enemies of Governor Merriam are suggesting a recall of that able executive on account of his veto of the train-limit bill. Any attempt to recall the governor would be absurd and nonsensical at this or any other time.

No governor in the history of California has more burdens to bear and no chief executive is trying harder to carry the load than Mr. Merriam. He should be encouraged rather than discouraged in his tremendous efforts for the people.

His enemies will not get very far with the recall for the citizens of California have an abiding faith in the governor and are going to support him in his administration.

ANGELINIS HAVE DAUGHTER

Mr. and Mrs. S. Angelini are parents of a daughter born yesterday at the Middlefield Hospital. The young lady, who weighed 8½

pounds, has been named Nancy Marie. Both the mother, the former Della Armanini, and the daughter are reported as "doing nicely."

UNUSUAL BAKING

FEATS PLANNED

Ward's Store to Show Cooking Tricks Seldom Seen

Things that the average housewife never dreamed could be accomplished with a gas, oil, or gasolene range will be performed at the local Montgomery Ward store Friday at 2 p.m.

Unusual cooking and baking

feats will be conducted by G. M. Thomason, factory demonstrator for Wards, it was announced today by T. J. Joaquin, store manager.

Ten loaves of bread baked in an oil range oven in 45 minutes without once shifting a single loaf. Four angel food cakes baked at one time in the oven corners of a gas range with only 12 minutes of gas used. Biscuits baked in a gas, gasoline or kerosene range in less than 12 minutes. These are a few of the startling tests which will be conducted.

Mr. Thomason will also demonstrate the blow torch test. While someone holds a sheet of the insu-

lating material used in Wards' range ovens, Mr. Thomason will direct the flame from a blow torch against it. Although the flame develops a heat of 3000°, the person holding the sheet is in no danger of being burned.

The demonstrations will be open to the public without charge for admission. Many valuable prizes will be awarded during the demonstrations. The food cooked during the exhibition will be served to those attending.

All yellow bananas of the common variety used in this country are descendants of a single banana plant, which was planted in Jamaica in 1836.

Nine New Members Initiated By Legion

Nine veterans were initiated into the local American Legion post at their meeting here Monday, at which District Commander Charles F. Dodd of San Francisco was a guest.

Following the business meeting, dancing was enjoyed by veterans and their ladies.

New members are County Engineer C. E. Scott, Wilbur Krough, Leon Stephens, Frank Suters, Thomas M. Canvin, C. J. Harrington, John B. Norton, Charles M. Faso and Jack Pleasants.

Harvard has 66,248 living alumni. There are no land areas lower than 3,340 feet above sea level in Colorado.

Joseph Maxwell Succumbs Here Of Long Illness

Joseph A. Maxwell, 42, died Saturday night in a San Mateo hospital following a period of declining health.

A resident of this city for the past two years, Maxwell was a former bus company foreman for the St. Louis Transit Company. He was a veteran of the World War.

Surviving Maxwell are his wife, Marguerite; three children, Joseph R., William J., and Florence L., all of Redwood City, and a sister, Mary Maxwell, of New York City. The family home is on Emerald Lake drive.

Funeral services will be held

San Mateo Opens Bayshore to Business

SAN MATEO, Apr. 23.—After a long debate and hearing of a number of protests over commercializing the Bayshore highway, the city council last night decided to rezone the district to permit erection of a lumber yard on the Bayshore just north of Monte Diablo avenue on property owned by the Dossie Company of Redwood City.

In justification of its act, the council cited the fact that the Bayshore is nearly all commercialized already.

Two applications for police judge to succeed the ousted Louis F. Kinnell were received. They were from Louis E. Rice, defeated candidate for justice of the peace at the last election, and H. Krober,

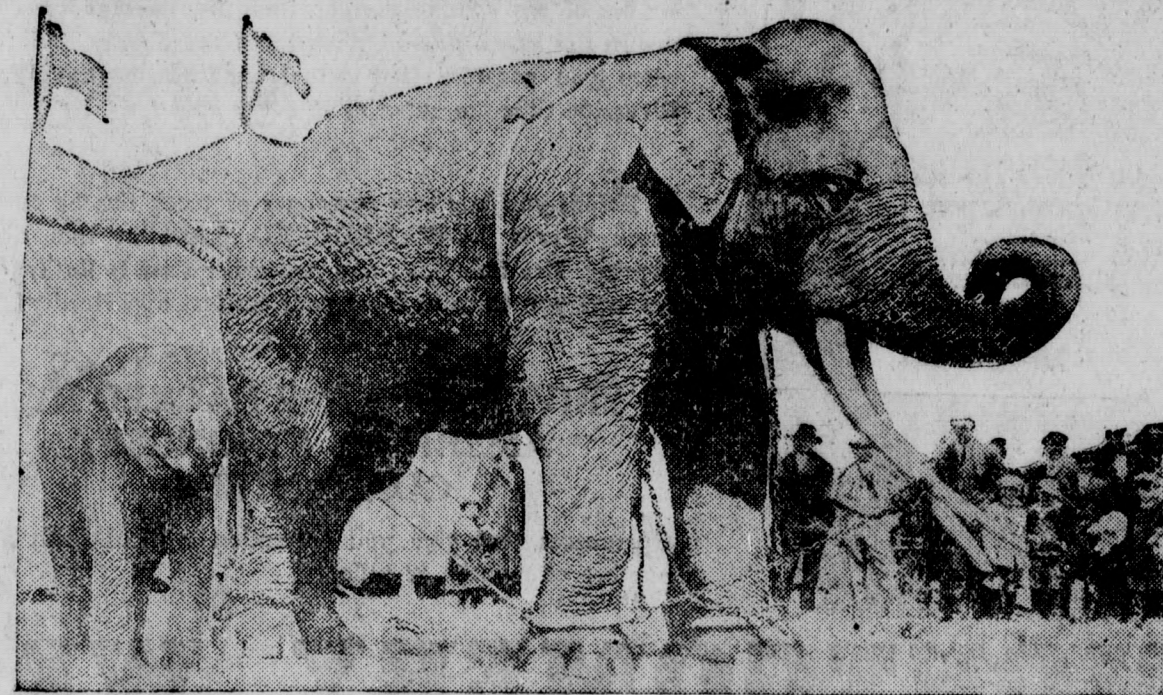

Charges of Stealing Horse Are Dismissed

SOUTH SAN FRANCISCO, Apr. 23.—Charges of stealing a horse, at one time punishable by death, lodged against Frank Bell were dismissed here late yesterday when Bell's preliminary hearing was held before Judge Wade Clay. Charges were dropped when the horse, which Bell had rented from Ruby de Curtioni at 75 cents an hour and which he said ran away from him, was returned by someone who had found it.

active worker in the recent city election for the successful candidates.

Daly City Girl, 13, Missing From Home

Sheriff's officers were Thursday asked to look for 13-year-old Patty Longfellow, who left her home at 559 Templeton avenue, Daly City, April 21 between 10 p. m. and 5 a. m.

Disappearance of the girl was reported by her stepfather, according to the sheriff's office. He told officers the girl had run away before, but had always returned within a short time.

She was described as weighing 119 pounds, being 5 feet 3 inches tall, having blue eyes and fair complexion and as wearing a tan hat, a blue and white sweater and tan low shoes. She has a V-shaped scar on her left elbow, it was reported.

Compromise Believed Near in Gavin Suit

Suit of George K. Ford for \$123,000 attorney's fees from Mrs. Constance May Gavin, winner of a million dollar share in the Flood estate fight here last year, was near settlement out of court today, it was reported.

Mrs. Gavin is in Los Angeles, but it was said her representatives favor a compromise offer made by counsel for Ford, San Francisco attorney who claims he was originally hired by Mrs. Gavin to represent her in the trial.

ported. Her mother lives in Texas, officers were informed.

MARINERS MISSING 40 HOURS RETURN

South San Franciscans Had Become Stuck in Bay Mud

Missing for 40 hours after they had left Palo Alto in one launch towing another, two men returned to their homes at 4 o'clock on Tuesday after they had become the objects of an intensive search by land, water and air.

They are Al Leever, 50, of 933 Huntington street, San Bruno, father of four children and employee of the Metal Thermat Corporation in South Francisco, and Lawrence Garnsey, unmarried, 27-year-old South San Francisco mechanic.

When they arrived at their homes Tuesday none the worse for their experience since the 26-foot launch was equipped with sleeping quarters and ample rations, the pair reported their craft had become stuck in the mud flats of San Francisco bay near the KPO

buildings at Belmont. There they had had to stay until the tide became high enough to float them off.

They had hit the mud, they said, when they became confused and mistook the red lights of the radio station tower for the San Mateo bridge, and headed straight for them. Traveling at a good clip in their speedy craft, their boat was piled far in the mud before it was stopped.

Leever and Garnsey spotted an airplane searching for them, but were unable to attract its attention, they reported. The plane was piloted by Capt. Bernard M. Doolin, superintendent of Mills Field.

A San Francisco police launch had also conducted a search, as had four local sheriff's officers

under direction of Sheriff James J. McGrath. They had searched from the coastside with field glasses. Similar operations were carried on by officers of the Alameda sheriff's office. None, however, had been able to see the boats.

The two men had left South San Francisco Saturday night for Palo Alto aboard Leever's boat to return a 21-foot craft belonging to Henry Schewining. They spent the night in Palo Alto and shortly after noon left there with Schewining's boat in tow.

Early yesterday when they failed to return home, Leever's wife search expressed the fear that notified officers, who after a their boats had capsized in the wind-swept, choppy waters of the bay and the men had been drowned.

Luis Mota Trial Set In Court for May 29

Luis Mota, charged with the fatal stabbing in South San Francisco of Jesse Hernandez, Monday afternoon pleaded not guilty in Superior Judge Cotton's court. His trial was set for May 29.

During the Dark Ages it was believed that the fossils so frequently uncovered were unsuccessful attempts of nature, the forms having been created but no animal life produced.

The oldest attempt at keeping weather reports is said to have been made in 1844 by a minister in what is now Wilmington, Del.

Every state except Maryland now permits dissemination of birth control information, with certain restrictions.

HEAVENLY MOMENTS

"Some picnic!"

Just let your "picnic partner" catch a glimpse of a hamper full of White Star Tuna sandwiches... and the success of any picnic is assured! How men love the delicious, delicate, full-flavored light meat (the only grade that White Star packs!) And, remember, WHITE STAR TUNA is the one food "delicacy" that you can buy at the price of "staple" foods!

For 22 years the preferred brand, because only the finest of the catch is packed

We're Proud

of the record of Golden State Butter. Since its introduction thirty years ago, it has been recognized all over California as the best. Regardless of changes in climate or feed, the delicious flavor and richness never varies. This uniformity is something that you won't find in most brands of butter. If you are in doubt about the butter you now use, change to Golden State for constant enjoyment.

Range and Water Heater with Half-Price Electricity GIVE DISCOUNT OF \$3.58 A MONTH

in this Stockton Home

Read this statement by H. E. CONSTANT
Route 2, Box 164, Stockton

LAST NOVEMBER I installed an electric range and water heater which were added to my other electric appliances such as a pressure system, radio, electric sewing machine, electric refrigerator, etc.

"In January, 1935, I used 562 KWH., which would have cost me \$11.17 under the regular rate. Under the ONE-HALF OFF plan, because my January, 1934, bill was only \$4.14—I paid only \$7.65. This gave me a saving of \$3.52. Again in February, 1935, my bill with the ½ Off discount showed a saving of \$3.58.

"During 1934, under the regular rate, my bill for electricity averaged \$6.11 per month. Therefore, with the addition of the electric range and water heater, my bill should not average more than \$2.50 per month over the monthly bills of 1934."

TAKE ADVANTAGE OF BARGAIN PRICE ELECTRICITY
½ OFF EXTRA Electricity means: When your electric bill in any month of 1935 is greater than your bill for the corresponding month of 1934, at same location, YOU GET A 50% DISCOUNT ON THE DIFFERENCE.

Sequoia High Made 1 of 12 State Experimental Schools

Sequoia high school has been selected by the state division of education and the University of California as one of 12 schools in the state to become experimental schools and have the privilege of entering students at the university without reference to subjects or grades. Principal A. C. Argo announced today as school convened after a week's Easter recess.

The local high school was selected on the basis of its standing and progressive attitude and its curriculum construction program.

The appointment, Argo said, means that the state department has given permission for Sequoia to develop its curriculum construction program in any manner it wishes and its pupils will be permitted to enter California as explained by President Robert Sproul "without regard to specific entrance requirements" of the University of California either in

the form of grades or subjects." Argo emphasized that even though the school is thus given great liberty in working out its curriculum, the modification will not be so radical or rapid that steps will be taken which might interfere with the welfare of the students at the school.

Stress will be placed, he stated, on giving students opportunities to develop into more intelligent and aggressive citizens. "Dead" materials will be excluded from the curriculum and other subjects introduced that will be of more value to the pupils.

The appointment, Argo declared, puts a great responsibility on the school because its curriculum program will be under the immediate survey of the universities and secondary schools of the state.

Only four schools in Northern California were among those appointed. Chico high school and the Fremont and University high schools, both of Oakland, shared the honor with Sequoia.

Donald Brooks, Attorney, Dies

Historical Association President Is Victim Of Heart Attack

Donald Brooks, 41, prominent San Mateo, Sunday after a heart attack at his home in Hayward Park, San Mateo, yesterday after a heart attack.

A member of the law firm of Kirkbride, Wilson and Brooks, the deceased has long been prominent in county affairs. He was the first president and one of the founders of the Ate-Y service club and was also the first president of the San Mateo County Historical Association, for which he spent considerable time gathering data and records. He was a member of the American Legion, Veterans of Foreign Wars and other service organizations.

Mr. Brooks' wife, whom he married in 1927, survives him, she is the sister of Mrs. C. C. Van Dampier of Millbrae Highlands and of Mrs. Marjorie Keel of the Stanford University Bookstore. Mrs. Keel's mother, Mrs. J. Keel, is a well known resident of Palo Alto.

A member of the national guard in Mexico when the war broke out in 1916, Mr. Brooks served in the war and contracted an unusually severe case of inflammatory rheumatism, which necessitated his being in veterans' hospitals for the next five years.

Upon his release he took advantage of the opportunity offered by the government for rehabilitation and attended the University of Arizona and later Stanford, where he received his law degree in 1925. He entered the office of Kirkbride and Gordon, and when Mr. Gordon died in 1929 the firm of Kirkbride, Wilson and Brooks was formed.

TWO SUFFER BROKEN ARMS
Two local youths were Monday carrying arms in slings as the result of accidents. Daniel Conner, 8, of Fulton street, and Jimmie Seeba, 11, were the victims. Daniel broke his arm in two places when he fell from a bicycle, while Jimmie's double fracture was incurred when he slipped and fell.

Ostrich eggs weigh approximately three pounds.

McCarthy Studying Display Possibility

County Publicity Director William McCarthy was in San Francisco Tuesday to discuss with leaders of the San Diego exposition the proposed joint eight-county exhibit at the fair, which will start May 28.

It is proposed to have San Mateo, Santa Clara, Santa Cruz, San Benito, Monterey, San Luis Obispo, Santa Barbara and Ventura counties provide an exhibit.

The marble godwit migrates east and west instead of north and south. It nests in the interior of the American continent and migrates to the ocean coasts.

COURT TEST DUE FOR LICENSE LAW

San Bruno Double Fee Ordinance Object Of Suit Here

Charging that the San Bruno city ordinance imposing a double fee on outside dealers is "contrary to the constitution of the State of California," E. E. Phillips today sued to nullify the ordinance.

He also demanded, in his suit filed through Attorney Bush Finelli, damages of \$2,000 suffered for loss of business resulting from enforcement of the ordinance.

Phillips, according to the complaint, is a buyer and seller of building materials, with headquarters known at Burlingame Lumber Company in Millbrae Park. After paying a truck fee imposed by San Bruno, he sent a driver into that city to deliver goods, and the driver was arrested because the double fee for outside firms had not been paid, he alleges.

The fee for local building materials.

Fire Prevention Study Is Planned

MOUNTAIN VIEW, April 24.—Building codes and protection of unincorporated areas were discussed when the Peninsula Fire Chiefs' Association members met here last night. A study of methods to prevent fires outside cities will be made by the chiefs, it was decided.

terial dealers in San Bruno is \$25, while a fee of \$50 was demanded from Phillips because he was an outsider, it is charged in the suit.

Crime Discussed By Toastmasters At Meeting Here

The Redwood City Toastmasters put on a unique program at their meeting at the school Monday evening when a panel of speakers spoke on "Causes of Crime." Each of the five men who spoke took one phase of the subject. B. E. Myers spoke on "Crime Types and the Toll," Herman Phillips on "Rotten Politics and Crime," Duncan Reynard on "Crowded Prisons

and Faults in the Parole System," Fred Schmitz on "Environment and Juvenile Delinquency," and R. E. O'Connell Jr. on "Guns as a Cause of Crime."

Paul Reimer acted as toastmaster.

Roy A. Hohberger, local secretary of the Young Men's Christian Association, told of the progress that is being made toward organization of a Palo Alto club.

It was also brought out that the first community service of the Redwood City Toastmasters was given during the past week when several members of the club visited other peninsula communities

Business Women Plan To Attend Lecture

Election of a nominating committee will be held at tomorrow night's dinner meeting of the Redwood City Business and Professional Women's Club at 6 o'clock at the Del Monte Grill. Following the dinner, the club will attend a lecture, "The Sword and the Pen," by Prof. Carl L. Becker at Stanford.

as "Three Minute Speakers" in promoting interest in the Peninsula Easter Sunrise Services.

Thief Sought In Car Crash

Redwood City Man's
Stolen Machine
Demolished

SAN MATEO, Apr. 22 (AP)—A motor car thief believed to have been seriously injured when a stolen car crashed into a power pole here was hunted today by police.

Numerous bloodstains were found on the seat cushions of the car, which had apparently crashed into the pole at high speed and was demolished. Electricity service for half the city was cut off with the demolition of a transformer on the pole.

The stolen car, which belonged to E. C. Curry, 253 Grand, Redwood City, was thought to be the second taken by the thief, for another machine previously stolen at Palo Alto was found near the place where Curry had parked his car.

ARRAIGNMENT SET
SAN MATEO, Apr. 22.—Arraignment of Peder Pederson, San Mateo jeweler, and his daughter, Olga, on a charge of keeping too many dogs at their residence here, was continued to Wednesday today by Judge O'Farrell.

Tax Delinquency Less Than 1934 Collections Show

With approximately \$778,000 collected in second installment county taxes, out of some \$978,000 to be paid, and with considerable mail yet unopened, tax delinquencies this year will probably run around 8 per cent, slightly less than last year, Collector Ambrose McSweeney said today. Last day for paying taxes without delinquencies was Saturday.

A total bill of \$2,086,265.29 was assessed taxpayers of the county this year, while the delinquency will be considerable less than \$200,000, perhaps even as low as \$150,000, McSweeney believes.

"This is certainly a good showing, considering all things, and without doubt indicates a definite upswing in business," the official declared.

Chamber Schedules Housing Code Meet

BURLINGAME, Apr. 23.—To discuss the federal housing administration code relating to the construction of new buildings, the Burlingame Chamber of Commerce will hold a county wide meeting Thursday at 8 p. m. in the city council chamber here.

County Plan Board Suffers Shakeup Here

Re-organization of the San Mateo County Planning Commission with but one member of the old board surviving came Monday over a heated protest of Supervisor John Poole of Redwood City.

Declaring "things are being carried too far," Supervisor Poole resented the removal of Z. T. Thorning, Redwood City lumber dealer, as a member of the board. Supervisor Fred Beer of San Mateo sided with him in a 3 to 2 vote, with Supervisors Albert Witt and Walter High supporting Chairman Manuel Francis' selection.

The new board will consist of the following:
Victor Boldo, Colma, of Witt's district.

Guy Smith, Moss Beach, of Francis' district.

Martin Poss, San Mateo, of Beer's district.

Charles Meinert of North Fair Oaks, of Poole's district.

C. A. Buck, Burlingame, of High's district.

All are new but Poss, and the board apparently agreed to reduce the board from six to five.

Old board members were:
Carl Anderson, Burlingame; J. F. Cambiano, San Mateo; Albert Eschelbach, South San Francisco; Alvin Hatch, Half Moon Bay; Thorning, and Poss.

Poole, declaring that he realized he was in the minority on the board, nevertheless protested the failure of the board to consult him on Thorning's removal and Meinert's appointment. He said this was "contrary to custom" and that he was "entitled to the decency of a hearing."

The supervisor protested "that a lot of meetings are going on with but three members sitting in." Francis replied that the prior appointee "does not own the job" and is subject to removal.

Poole said that he liked Meinert personally but saw no reason for removing Thorning. Meinert was present during the discussion.

Chairman Francis named other committees besides the planners, which include:

Finance—Francis, Witt, Poole, Hospital—Witt, High, Francis.

Court House—Beer, Poole, High.

Relief Home—Poole, High, Beer.

Memorial Park—Beer, Francis, Witt.

Road Committee (new)—Poole, Witt, Francis.

The road committee, demanded by Witt, will supervise requests for road work throughout the county and will act with the board in an advisory capacity on road matters.

Jeanette Stephens
Paid \$6500 Damages

Acknowledgement of full payment of \$6500 damages and \$179 costs by City Attorney Albert Mansfield to Jeanette Stephens was filed today in superior court.

The damages grew out of an auto collision in July, 1933, at James avenue and Grand street, in which the plaintiff alleged she was permanently injured due to Mansfield's "careless and negligent" driving. She claimed \$16,308.08 but a jury February 7 awarded her the sum paid in full today.

Morrish's Brother
Elected Bridge Head

Will F. Morrish of Berkeley, former president of the Bank of America and brother of J. E. Morrish, Redwood City Bank of America manager, has been elected chairman of the board of directors of the American Toll Bridge Company, operators of the Carquinez and other bridges, it was learned here today.

Failure to Transfer
Property Is Charged

Charging failure to convey real estate property in Farallone City for which she had paid \$250, Madalene Berger filed suit today in superior court for \$5,000 against Ernest W. Jacobs and the California Suburban Home Company.

WITH BARNES CIRCUS AGAIN

To many people who go to a circus there is probably nothing that causes more wonder than the trainers fearlessly putting groups of wild jungle-bred animals through their paces. Leopards, tigers, lions, panthers, are all the same to Miss Mabel Stark, world's greatest woman wild animal trainer, who is featured this year with the Al G. Barnes Circus which shows in Palo Alto Tuesday, April 30, opposite the high school.

Fun for the Kids This Spring

These youngsters find that the new style bike and speedline skates featured by Wards are just the thing for a short sight-seeing excursion. And they really do get places with this type of transportation.

S. F. SUPERVISORS DEBATE LOCATIONS

Sponsors of Garbage
Reduction Plant
Also Cheered

Two projects of vital interest to San Mateo county were discussed at the San Francisco board of supervisors meeting Monday afternoon, but decisions were reached on neither. They were:

1. The site for the proposed 1938 World's Fair.

2. Awarding of a contract to dispose of the city's 600 tons of garbage daily, which is now being dumped in this county.

Arguments for holding the proposed World's Fair on Yerba Buena shoals were again laid before the board, this time by Chief Administrator A. J. Cleary and Edward G. Cahill, city utilities manager. Cleary said the shoals site "is the only one on which it would be possible to conduct an exposition with hope it would be a financial success."

Cahill reported the city would benefit by \$3,500,000 from filling in the shoals, for 1939, he said the city would otherwise be obligated to fill them at its own expense for a second airport which will be needed then.

But as no decision was reached by the board, proponents of the Mills Field site in this county were still hopeful that the airport might yet be selected for the exposition.

Another attempt to decide upon a definite plan for financing an exposition on the mainland site will be made by the supervisors Thursday night at 8 o'clock in the San Francisco city hall, the board decided before adjournment last night.

The board postponed until May 20 consideration of a health committee recommendation for acceptance of the Sanitary Fill Company's bid for the fill and cover method of disposing of the refuse, thus give rise also to hopes of backers of the proposed garbage reduction plant that they might secure the franchise. It is proposed to establish a huge plant employing some 600 men in South San Francisco to manufacture wall board and by-products from the garbage.

Fodera Asks
For Probation
In Guilty Plea

When he pleaded guilty before Superior Judge Aylett Cotton Monday on one of four charges of attempted arson, the other three charges being dropped, Tony Fodera, La Honda Inn keeper had his case turned over to Probation Officer Frances Robinson, who will report back to the court May 6.

The charges grew out of an attempt by Fodera to dynamite his inn so that he might claim \$7200 insurance on the property, officers claimed.

Constitution Quiz
Set for Teachers

For teachers' certificate requirements there will be an examination on the constitution Saturday, May 25, at 10 a. m. in the Central school here, it was announced today by Pansy Jewett Abbott, county superintendent of schools.

Woodside Resident Dies in Hospital

Thomas Kay employed at the surviving relatives of Kay are his parents in Scotland. Funeral services are being arranged by the Crosby parlors in Burlingame.
